

## HB Type Explosion Proof Electric Hoist

Explosion-proof single beam bridge cranes are widely used in lifting places such as factories, warehouses, and material warehouses. Most of them are used in flammable, explosive, and corrosive environments. For each of the Explosion proof sign is Exd II BT4、 Exd II CT4、 DIPA21TA, T4 and Exd I Mb.Work environment temperature -20~40°C.

### ◆ **Basic Parameter:**

Lifting weight: 0.25T-20T

Hoisting high: 6m-30m

Hoisting speed: 8/0.8, 7/0.7, 3.5/0.35 m/min

Travel speed: 20 m/min

Working class: M3

Power supply: 380V 50Hz 3 or customized
