

## Single Rope Hanging Grab

### ◆ **Basic Parameter:**

Model: U, AS, X, XZ, XC

Type: light, middle, heavy, super heavy

Volume:  $0.3\text{m}^3 \sim 8\text{m}^3$

Crane capacity: 1T~20T

The single rope grab is applicable to all kinds of cranes with only one lifting drum (single hook).

Its opening and closing mechanism is novel, it can be opened and closed freely during loading and unloading, and the whole machine is easy to use, remove and hang. It is suitable for underwater and land operation for grasping and stacking.
